

On June 28-29, California Trail Rides will host the **10th Annual Bass Lake 250 Dual Sport Adventure**. The event is staged in the Sierra National Forest just south of Yosemite National Park, offering over 200 miles of jeep roads, single track and back roads with optional "hard" ways each day. The event will start and finish each day at the Elks Lodge in Oakhurst. The Elks Lodge will also provide a BBQ dinner Saturday night for all participants. Camping at the Elks Lodge is included with entry fee (first come, first served). In addition, Honda Riders Club's Chris Real of Chemhelp will be on hand to offer assistance and advice to all participants. Real will also provide a voluntary sound check so riders can determine if their dual sport bikes meet the new 96db sound level. For more information, call CTR at 714/870-1456 or go online at [www.dualies.com](http://www.dualies.com).
